River 350

Small boats, big adventures!

River Boats have built high quality seaworthy boats in Norway since 1995. An award-winning modular design focusing on high levels of safety, functionality and low cost of ownership.

The River 350 combines an easily planed, fast hull with extreme stability, resulting in market-leading performance. The specially designed hull is best described as a hybrid v-hull catamaran. With Design Category C-certification the River 350 is unique in its class, confirming the robustness and capacity. Availability in several special models and optional extra equipment allows for customization and tailoring to suit every need.

The River 350 is a practical inexpensive boat with modern user friendly features and is available in a variety of colors, with or without XR steering console kit. River Boats have delivered over 12 000 boats to satisfied customers worldwide for a variety of uses.

River 350

River Boats - simple boating, safe and affordable!

Our boats are manufactured from environmentally friendly polyethylene, which is extremely impact resistant and durable, as well as requiring minimal maintenance.

River Boats are 100% recyclable and sustainable. The trademark hulls are best described as a hybrid between catamaran and V-hull, providing high levels of stability and handling.

Recognitions:

Member of Norboat (Norwegian Boat industry Association)

Member of NBL (Norwegian Boatbuilders Association)

We are proud of the Norwegian boatbuilding tradition. DNV-GL approved as an addition to the mandatory CE marking.

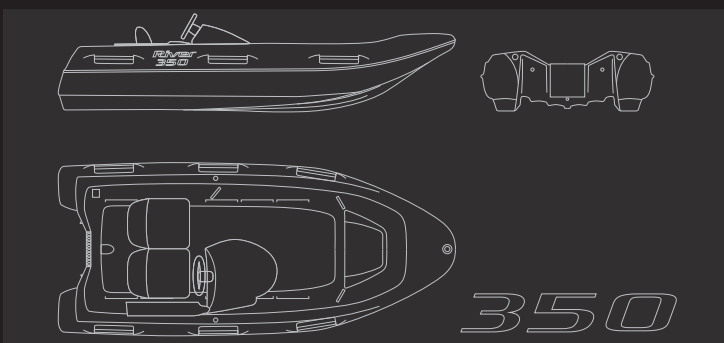

River Boats have been awarded the MFGD (Certificate of excellence for -Design) by DOGA, the Norwegian Design Council.

Technical data

Loa:	3,50 m/11,7 feet	Weight w/o engine:	~110kg / 242lb
Beam:	1,50m/4,9 feet	Max. no persons:	3
Outboard (short shaft):	max. engine power 11kW/15hp	Max. load capacity:	260kg / 573lb
Engine power range:	5 – 15hp	Design category:	C
V-hull angle (hybrid catamaran):	14°	Self bailing and double hulled	

Dealer stamp area:

XR-kit

The XR-kit consists of the steering console, complete steering system, USB charger, two seats and a channel for cables. The holes for the oarlocks are plugged and a paddle is included for safety.
