

BF20

20 hp 4-stroke Outboard Engine

Optional charging coil

6 amp charging coil available on tiller handle models and a 12 amp charging coil available on remote control models.

Optional recoil or electric start

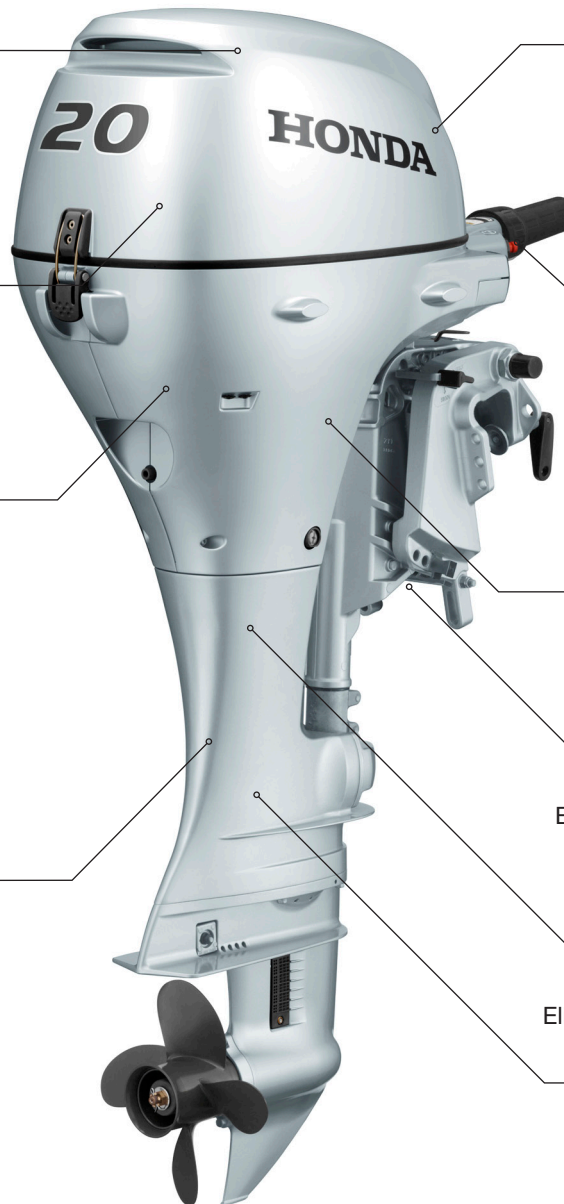

A choice of starter available, dependent on model.

Honda 4-stroke engine

20 hp water-cooled, 4-stroke OHC engine is quiet, with low fuel consumption and emissions.

Safe operation

A range of features including oil pressure alert, start-in-gear protection and a wrist-fit engine kill-switch inspire confidence.

Gearshift lever

Gearshift lever located on the engine front for easy manoeuvring.

Hand controlled throttle

Throttle friction knob and a tool-less steering friction lever allow for easy operation.

Steering options

Optional remote control or tiller handle available, dependent on model.

Electronic ignition

Digital CD ignition is maintenance-free and ensures easy starting, smooth running and optimised performance.

Optional power tilt

Electric power tilt (LRTU model only) for improved performance at high speed and easier shallow depth use.

Pendulum motion engine mount

Eliminates vibration for a smoother drive.

Optional shaft lengths

Available in either long or short shaft, dependent on model.

The lightweight BF20 is the most powerful 4-stroke engine available in its class, ideal for pleasure boats, sailboats, aluminium craft and small inflatable vessels. Available with the option of an electric tilt (LRTU model only) navigating shallow water is not a problem, whilst Honda's unique PGM-IG technology provides smoother acceleration with great fuel efficiency.
